

Board of Education Update

November 2009

At the November 12, 2009 Board of Education meeting, the following items of significance to MAC were discussed.

Fred Baruzzi received a citation for his 25 years of service to CAS.

Regionalization is still being discussed with the towns of Ashford and Willington but it was noted that this is still just dialogue and study, not action.

The **Building Committee** will be meeting on December 14th in the town hall council chambers. The board of education, town council and engineers will be present.

Mobil Dentist was a big success again this year and the schools are hoping to eventually have the mobile dentist spend one day at each of the 4 schools.

Community Conversations will be held again from December 1 through the 3rd at each of the schools once in the morning and once in the evening. This is a great opportunity for members of the community to hear from Fred Baruzzi what is happening within the schools. Brochures will be sent home in Friday folders inviting parents to attend.

The November 19th meeting is a board of education retreat and is open only to BoE members.
